LIGHT - LINK AUDIO CABLES

Digital audio fiber optic with universal connectors

All NEW!
Toslink "Flipper" Cable.

It's three cables in one!

Either end of the Toslink-flipper can be a 3.5mm optical connector or a standard Toslink optical connector. Simply flip the tip and you can have:

- > Toslink to Toslink cable
- > Toslink to 3.5mm cable
- > 3.5mm to 3.5mm cable

Toslink™ to mini plug

mini plug to Toslink™

Part no.	Length
45-6203	3 ft (1M)
45-6206	6 ft (2M)
45-6215	15 ft (4.5M)

This is the cable for the active audio enthusiast; the guy that changes connections and equipment often.
