

## COAXIAL CABLE STRIPPER

FAST - EFFECTIVE - NEAT - SINGLE ACTION

With an easy swirl of the finger, this stripper prepares cable at once for attaching coax connectors. A convenient changeover method using a reversible V-block assembly switches the cable size effortlessly between RG58/U, RG59/U and RG6/U.

The cutters are easily adjusted for non-standard cables by turning two set screws using the hex wrench stored in the handle. After the cable is cut, it is automatically stripped in a single action by removing the tool from the cable. Spare cutting blades are available and are readily installed.

**No. WS145** - Strips RG6/U, RG58/U, RG59/U & RG62/U

**No. WSB** - Package of (4) Replacement Blades

## 5-WAY ALL-PURPOSE WIRE TOOL

**Features large comfortable plastic grip handles**

The overall length of the tool is 9" and is made of hardened steel. Matte black permanent finish with bright, clear markings makes it an attractive and easy-to-use product.

**No. WS16**

A one piece tool that shapes and cuts wire 5 different ways:

- Standard wire cutter
- Crimps insulated terminals 22-14 • 12-10 AWG
- Shears 5 bolt sizes: 4-40 • 6-32 • 8-32 • 10-24 • 10-32
- Crimps non-insulated terminals 10-12 AWG • 14-16 AWG • 16-22 AWG
- Strips wire 10 to 22 AWG

## SNAP RING PLIER SET
